

A 3D rendering of a white, glossy knot, possibly a reef knot (square knot), set against a blue background. The knot is composed of thick, rounded strands that are intertwined in a complex, symmetrical pattern. The lighting creates highlights and shadows on the smooth surface of the strands, giving it a three-dimensional appearance.

Our Business

- [Executive Summary](#)
- Unique/disruptive/[Ethical Finance](#) , [Company Information](#) and [Company Details](#)
- **ELEVATOR PITCH:** Fintech solutions enabling homeowners to secure next property for lowest price before selling through own estate agent for highest **Making Sellers Proceedable Buyers (Gap in the Market)**.
- B2B2C and B2C See: [Albani](#)
- **IMPORTANT POINT:** Market Research: **Demand in all market conditions** See: [Slide 16](#)
- Traction: UK Roll-out and future Overseas Franchising (Spain, Ireland, Norway, Belgium, Australia, USA, Canada)
- Capturing homeowner behavior and intentions for stakeholder products + services (e.g. mortgages, insurance, deposits and relocation services)
- Albani Limited: Company No. 5808405; Authorised and regulated by the FCA Ref No. 457682 (pre-revenue start up)
- **IMPORTANT POINT:** **Financial Model** See: [Slide 52](#)
JV Proposal See: [Slide 14](#) and **Stakeholder Added Value** See: [Slide 53](#)

Brand + Products

- **Albani (1)**

- **CHAIN FREE®** : A 20 week chain-avoiding **insurance type proposition** available through the **Home Owners Plan™** (not a regulated mortgage) **(2)**
- **VAL FREE®** : A regulated mortgage manufactured by stakeholders for CHAIN FREE® and CHAIN MENDER® surveyor-valued houses (**Core Proposition: Y1 + Y2 834 RICS pre-valued houses C22 + F22**)
- **CHAIN MENDER®** : A 4 week chain-mending solution **(2)**
(not a regulated mortgage)
- **SMART MOVE®** : Stakeholder products and services sales portal
(we do not take fees or commissions)

See: **Regulation**

(1) 100% owned by the LARMA Settlement (an Apponyi family trust)

(2) IMPORTANT POINT: Require funding (included in the finance required to finance business). See: **Slide 14**

The Problem

- **Consumers no longer trust the financial system and have an appetite for change**
 - 28% UK transactions fail after an offer has been accepted
 - 25% UK sellers withdraw their property from the market
- **Investors concerned about Systemic Loss**
 - [Financial Risk Indemnity Insurance](#) for Fall in House Prices
 - [Force Majeure Clause](#) in our Offer Documents
- **IMPORTANT POINT:** [Slide 54](#) and [55](#) for Data

Our Solution

- Our Solution (See: [Other Schemes](#))

- for [the Sellers Conundrum](#) - CHAIN FREE® (1) See: [How it Works](#)
- for [the Movers Conundrum](#) - CHAIN MENDER® See: [How it Works](#)

(1) IMPORTANT POINT: Most homeowners will use CHAIN FREE® to secure next house for best price and will **not** take our finance because their estate agents will have sold their old house for more (Core Proposition 5:1). An **insurance** type solution. Long on Fees - Short on Drawdowns

- for the [Borrowers Conundrum](#) - VAL FREE® See: [How it Works](#)

(3) Assume 87% UK **(4)** Assume 93% England and Wales

CHAIN FREE® Customer Proposition (1)

When you have CHAIN FREE® (available for 20 weeks through the Home Owners Plan™) you can secure your next house for the *best* price (2) while waiting for your estate agents (3) to sell your old one for the *highest* price (4)

(1) See: [The CHAIN FREE® Customer Journey](#)

(2) Up to your Fall Back Price®; **IMPORTANT POINT:** You can say that you are a [Proceedable Buyer](#)

(3) See: [Resource](#)

(4) If you decide to take the Fall Back Price® (we do **not** buy your house) the Drawdown Documents include a Sale Contract (our Legal Department will add the buyers name) and Transfer for you to sign so your house can be sold through the Plan.

CHAIN FREE® Example

- 'A' is selling for £360,000 and wants to buy from 'B' selling for £400,000
- Albani has 'As' house valued at £350,000 **(1)** and offers 'A' **90% LTV** of £315,000 (Fall Back Price®) **(2)** through the Home Owners Plan™ which 'A' can take on 5 days' notice during 20week Plan Membership (from date of joining the Plan) for a **1% Fee** (£3,150) to buy 'Bs' house
- 'A', when member of the Plan **(3) (Product Sale)** can say to 'B' "*I am a Proceedable Buyer **(4)**.*
- With the offer of finance 'A' can now quickly secure 'Bs' house for the *best* price (recouping the 1% Fee) and has 20weeks to find the *right* mortgage (together with any additional finance required) while 'As' agents are trying to sell 'As' house for £360,000 ('A' is not legally committed to take our finance or to sell their home until their solicitors send our Legal Department a valid Drawdown Notice).
- If 'A' can't wait to sell for his Asking Price 'A' can decide to take the Fall Back Price® of £315,000 **(5)** in which event 'As' house will be sold through the Plan **(6)** after **discretionary** spring clean and garden tidying **(7)**

See: **An Example**

(1) RICS Valuation for mortgage purposes **D69**

(2) When in Plan on payment of £340 Administration Fee **D68** upgraded from **free DataSource £8 D67** (to RICS Valuation **D69**).

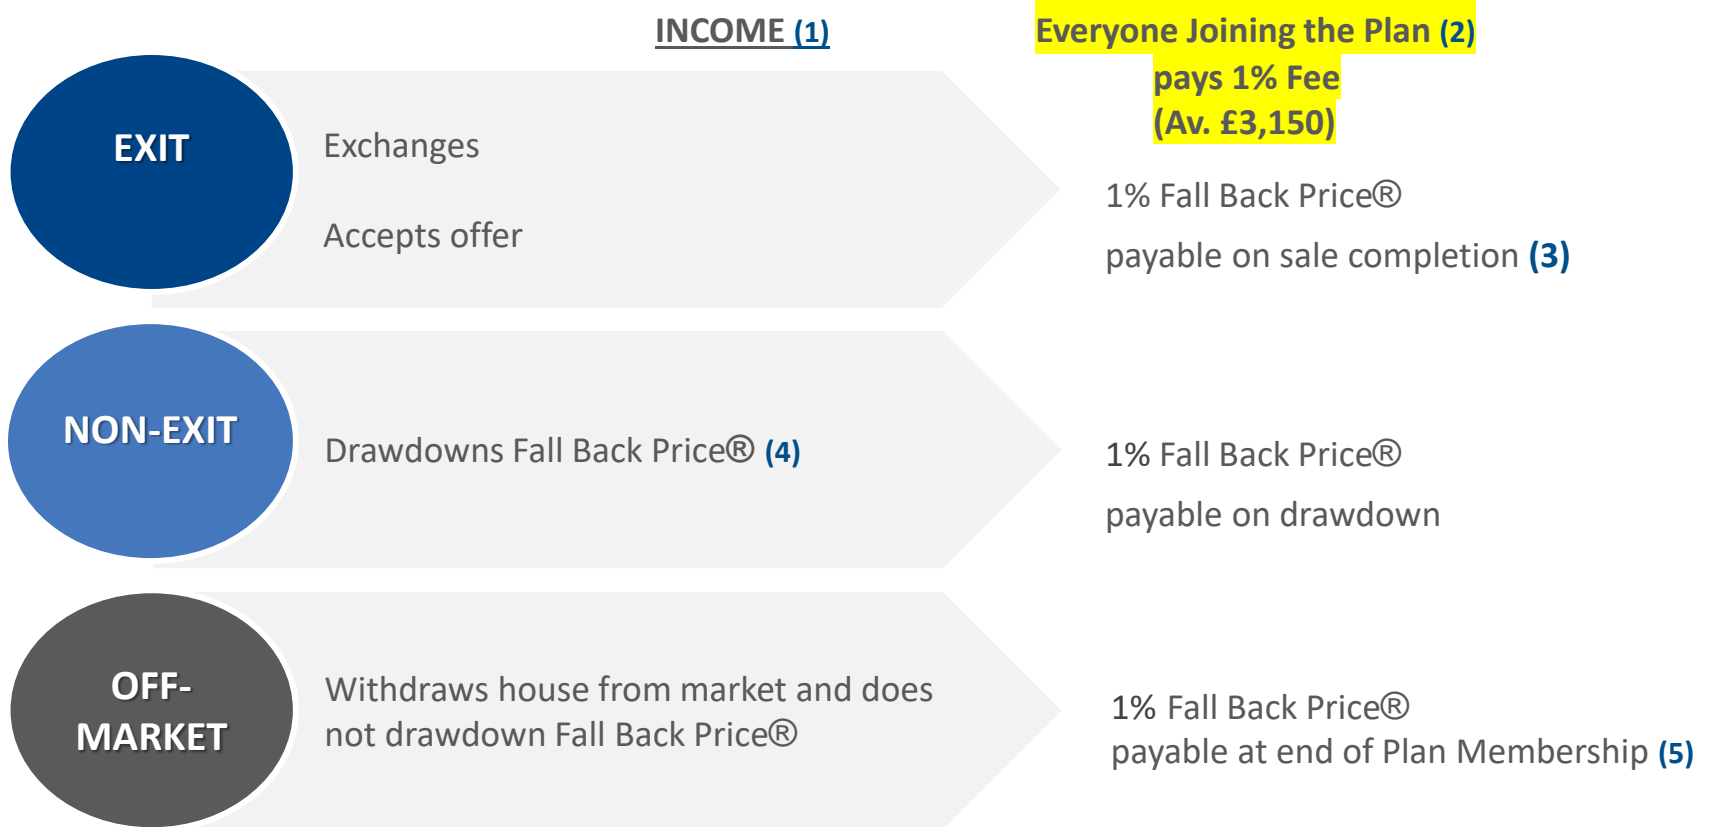

(3) Providing house not "Added on" Rightmove for sale for over 10 weeks **(4)** Up to Fall Back Price® of £315,000

(5) With VP and Mortgage paid off which homeowner can do with the Fall Back Price®

(6) Albani retaining profit (LTV to Sale Price) **(7)** **Refreshment and Garden Maintenance £1,575 B7 + B8**

CHAIN FREE® (Available through the Home Owners Plan™)

- (1)** During 20 week Plan Membership i.e., 20 weeks from joining Plan / signing Offer Docs. (Product Sale)
(2) Joining the Plan is the **Product Sale**. See: [Plan T&Cs](#) **(3)** Solicitor confirms and remits.
(4) Customer's Estate Agent attends house on drawdown date to confirm empty and vacant (so finance can be released). **(5)** Not collected; **IMPORTANT POINT**: leaves house on market and does not sell (**No Sale – NO Fee**).

CHAIN MENDER® Customer Proposition (1)

When you have CHAIN MENDER® you can move before selling

If your solicitors are desperate to exchange contracts for your next home you will be a **Fast Mover (2)**

You can exchange contracts on your next property while waiting for your estate agent **(3)** to sell your old one for your Asking Price **(4)**

(1) See: [The CHAIN MENDER® Customer Journey](#)

(2) You know you can take the Provisional Price™ (**85% LTV**) in 5 days (during a 4 week Facility Period) and exchange in 9 days

(3) See: [Resource](#)

(4) If you decide to take the Provisional Price™ (we do **not** buy your house) the Drawdown Documents include a Sale Contract (our Legal Department will add the buyers name) and Transfer for you to sign so we can sell your house.

IMPORTANT POINT: If the Sale Price of your house is more than Valuation you will receive 85% of the difference between Sale Price and Valuation (85% Profit Share) with no deductions; Albani retaining profit (LTV to Valuation)

JV Proposal

3 Year Debt Capital/Revolving Credit Facility (150day Churn Rate):

- 44.16M **H10** to finance business (Core Proposition)
Number of Applications Y1: 3,000: **83% LTV G8** to RICS Valuations / Secured / **38% H11** Simple Return (Before Profit Share)

or

- 5.50M **H10** to finance business + **T&Cs for further funding** (Restricted Sales)
Number of Application Y1: 300: **83% LTV G8** to RICS Valuations / Secured / **23% H11** Simple Return (Before Profit Share).

IMPORTANT POINT: High quality assets underwritten by RICS Mortgage Valuations and Financial Risk Indemnity Insurance

74% Proposed Investor Profit Share See: Slide 27

See: Slide 52: Why JV with Albani

Competition 1 (1)

No direct competitors - making sellers Proceedable Buyers - only competitors with:

- **Chain-mending solutions - We'll Buy Any Home / Quick Cash Sale (2)** : 75% - 80% / does not help seller buy next property for lowest price See: [Movers Conundrum](#)

vs. CHAIN MENDER® (makes the seller a Fast Mover): **85% LTV** when it suits the seller / 85% Profit Share if sale over Valuation / can exchange contracts in 9 days for the property the seller wants to move into

- **Guaranteed price - Nested** (online estate agents): Advance say 94% LTV +3.5% fee / homeowner must sell / more demand in falling market See: [Sellers Conundrum](#)

vs. CHAIN FREE® (chain avoiding insurance type arrangement / enables the seller to secure next property before selling): **90% LTV** + 1% Fee / homeowner can secure for 1% and recoup / does not have to sell or take our finance/incl agents (£1,000 Success Fee and 1.5% Resale Fee / increases footfall against competition) / demand in all market conditions

- **Bridging finance - Loan Companies:** Can cost 9% / desperate home movers / can lose home

vs. CHAIN FREE®: Costs 9 times less / 1% Fee (No Sale-No Fee) / can't lose home

(1) See: [Other Schemes](#)

(2) UK Quick Cash Sale Industry See: [Slide 16](#)

Competition 2

- UK **Quick Sale** Industry **(1)**
 - Includes 46 NAPB members
 - Buy 0.5% > 1% of UK property sales
 - Say **8,250 houses** per year
 - Offer 75% MV **(2)**
 - Most not 'genuine' cash buyers
 - Brokers or lead-generators
 - Must source a buyer for the seller's house
 - Often reducing the purchase price at last minute up to 25% MV (and sometimes more)
- (1)** Source: Office of Fair Trading
- (2)** vs. CHAIN FREE® 90% MV (Houses >£500K) / Homeowner can secure next property with **no** commitment to sell
vs. CHAIN MENDER® 85% MV (Houses >£500K) plus 85% Profit Share

CHAIN FREE® Market Research (1)

Qs

B2C

Behavior Business
321 Respondents
(Sheffield, Southend and Solihull)

63% interested if **only** way to secure house they had set their hearts on.
45% 'very and quite interested'.

90% LTV?

£195
Administration Fee?

2% LTV Fee?

90% LTV enough to secure next property?

Just under half thought £195 Administration Fee 'about right'.

Nearly half felt 90% LTV would be sufficient.

34% thought 2% LTV Fee 'about right'.

Demand? (2)

When prices rising
(buy against competition)

Qs

B2B2C

Adam J Walker
25 Firms
(250 offices)

90% LTV?

£396
Administration Fee?

1.25% LTV Fee?

90% LTV enough to secure next property?

Would expect to sell to 5% of total clients.

If £396 Administration Fee reduced to say £150 agents would bundle.

No adverse response to 90% LTV.

Demand? (2)

Better in a slower market
(safety net)

(1) Houses max £500,000; **IMPORTANT POINT: Current Proposition:** 90% LTV free DataSource Valuation, £340 Administration Fee to upgrade to 90% RICS Surveyors Valuation (refunded if customer draws down (takes) CHAIN FREE® Fall Back Price®) / both with **1% LTV Fee (2) In all market conditions**

Route-to-Market ⁽¹⁾ + IPs ⁽²⁾

		£ pm	£ pa

(4) Digital strategy and marketing and local newspaper advertising (Saari).

(5) Zoom / Teams

(6) Y1 and Y2

Marketing + Sales Strategy

MARKETING (1)

- B2B2C
 - Say 4,000 **(2)** high street estate agent sales offices in England and Wales. See: [Slide 55\(3\)](#)
- B2C
 - Digital channels

SALES STRATEGY

- B2B2C
 - Estate agent: Time to Test the Market / Asking Price
 - £1,000 Success Fee
 - 1.5% Resale Fee
- B2C
 - Pro-active targeting homeowners living in selected towns (Local advertising and Google search)

(1) Route-to-Market See: [Slide 18](#)

(2) vs. 15,000+ UK

(3) IMPORTANT POINT: We do not recommend or promote estate agents and we do not take fees or commissions

Model Notes 1

Financial Models are illustrative and have been prepared by Trevor Norris FCA.

Trevor has prior knowledge of Albani processes and constructed the original financial model. This model is not one that is fully integrated incorporating cash flow and balance sheet statements.

This version has been created for illustration purposes and is prepared as a snap-shot of transactions and income and cost flows over a purported year. The model has not been profiled to mimic a business start-up nor has any attempt been made to apportion income or costs into monthly rests but simply assumes that all transactions start and finish in one year. It does not take any account of cash-flow impacts. **IMPORTANT POINT: The model assumes all consumers up-grade from DataSource to RICS Valuation; it does not reflect the increased profitability of some consumers taking our finance as a percentage of DataSource.** No attempt has been made to assess the costs of establishing and managing the debt facility costs required to provide loan offers to house owners. However, there are calculations to produce simple measures of returns which ignore any headroom required to account for delays in completion of house sales over 150 days (**Churn Rate**). **This JV Proposal is predicated on the investor providing / introducing the business funding required.** Overheads have been estimated by the business on a line-by-line basis for Y1 (business establishment) and therefore an additional amount has been included to take account of reasonable growth. Charitable contributions 5% pa (charge to P&L) **D6**

The reference to Tier One and Tier Two refers respectively to houses with a current market value up to £500,000 and those over £500,000. The model has been built to facilitate submissions to stress test the Core Proposition for CHAIN FREE® and CHAIN MENDER® with **the Investor receiving 100% of the profit / dividend (i.e. before Profit Share at INPUT D16)**. To view Investor Proposed Profit Share (**Slide: 14**) INPUT 74% at **D16**. **IMPORTANT POINT: Number of Application / Enquiries: Y1 3,000 D7** (investor can INPUT variable number/**Predominant input to reduce/restrict Investment Required** (for Restricted Sales say Y1 300 with T&Cs for further funding)

Model Notes 2

1. Financial Model – Core Proposition

2. Click on Enable Editing. Save two copies. One to work on (the un-locked **INPUTS**) and the other copy so you can check back to see what my INPUTS were.
3. The key driver is Number of Enquiries on INPUTS: **7** and Investor Share on INPUT: **16**.
4. Financial Model – **Restricted Sales IMPORTANT POINT** The key driver is Number of Enquiries at INPUT: **7** (3,000 Y1 Core Proposition changed to 300 Y1).
5. By reducing the Number of Enquiries in stages you will see in SUMMARY: **10** your preferred/proposed investment to finance the business, subject to making an INPUT to Investor Share in **16**.
6. Model at INPUT: **3** assumes 4,000 active high street estate agent sales offices in England and Wales vs.15,000 UK.
7. Model assumes Set Up Costs £600,000 **B236** extrapolated from Burn Rate in previous model (£549,515 **L268** say £600,000).
8. Macro and Micro risk is controlled in real-time at various stages in the process/customer journey.
9. Definitions:
 - 9.1 EXIT: Customer does not draw-down Loan Offer (**LTV**) and sells house for more than **LTV**.
 - 9.2 NON-EXIT: Customer draws-down **LTV**.
 - 9.3 Off-MARKETS: Customer withdraws House from market for sale.
 - 9.4 RICS: Valuation by member Royal Institute of Chartered Surveyors; Valuation (after property inspection) for mortgage purposes **D69**
 - 9.5 DataSource: Automated Valuation Model (AVM that falls within RICS guidelines) **D67** ; Likely to be less than RICS home visit (property inspection)
 - 9.6 CHAIN FREE® Home Owners Plan™ (Plan): ALL members pay the 1% Fee

Model Notes 3

10. We have made no assessment of VAT or investor facility costs.
11. We have highlighted Y2 as the business will be more mature and not hampered by set-up costs and business flow relevant to a Y1 start up.
12. Core Proposition “what does the Funding Package 83.74% **G8 LTV** to RICS Valuations indicate?”
A portfolio of NON-EXIT houses with different LTVs (RICS Valuations).
 - 9.1 See tab Workings Core:
125 > 133
 - 9.2 INPUTS for LTV:
CHAIN FREE®
30: (Houses > £500,000): **90% LTV**
35: (Houses £500,000 >): **85% LTV**
CHAIN MENDER®
54: (Houses > £500,000): **85% LTV**
59: (Houses £500,000 >): **80% LTV**
13. Questions:
 - 10.1 INPUTS: Anthony Apponyi
 - 10.2 Methodology/Accountancy: Trevor Norris

Risk 1

COMPETITION	No direct competitors See: Slide 15
PROPERTY SELECTION	Investor T&Cs
VALUATIONS	Selected RICS Panel Valuers: Agreed Instructions; 150 days re-sale empty and vacant ; mortgage valuation (acceptable to VAL FREE® mortgage lenders)
SECURITY	High Quality Property secured by RICS Valuations and Protected by Financial Risk Indemnity Insurance
ASSET SALES	Pro-active Asset Management/sale of NON-EXITS
MANAGEMENT	Investor T&Cs
CONTROLS	Monitor/Reduce/Restrict/Stop Investor finance + Investor access to real-time IT risk management systems
BENCHMARK	<i>“No one else has thought of it”</i> . The Home Owners Plan™ with the advantages of CHAIN FREE® (unique insurance type arrangement)
PROFITABLE	CHAIN FREE® + CHAIN MENDER®: In all market conditions with the benefit of VAL FREE®
REPAYMENT	150 days from Drawdown to NON-EXIT Sale completion (Churn Rate)

Risk 2

- Selected Characteristics
 - Balanced Portfolio
- Perils
 - Flood and Wind insurance
- Local Authority Areas
 - Stable/Rising Asset Values
- 3 Comparables
 - Local/Easily Obtainable/Recently Achieved Sale Prices
- Valuations
 - RICS and Rightmove DataSource
- Finance Package
 - **IMPORTANT POINT: 83.74% RICS Valuations (1)**
- Systemic fall in house prices
 - **Systemic Loss Scenarios**
- **To encourage EXITS**
 - Estate agents rewarded £1,000 Success Fee (2)
 - VAL FREE® 'offered' mortgage within 10 days (valuation accepted; status checks complete)
- **Security**
 - 1st Legal Charge over homeowners property (empty, vacant and mortgage free) and **Specialist Indemnity Insurance**
- **Proprietary Sale Contract (3)**
 - To encourage fast sale of NON-EXITS before auction (4)
 - Most homeowners will use CHAIN FREE® to secure next house for best price and will **not** take our finance because their estate agents will have sold their old house for more.

(1) **G8** Core Proposition and Restricted Sales: Illustrative Debt Facility of NON-EXIT Funds Outstanding (20 weeks)

(2) Sales agents paid £22,507 > £35,000 (source: The Ambitious Group) / encourages sales agent to promote our products

(3) **With "lock-out" (time of the essence) clause mitigating risk by non-reliance on single buyer** See: **Buyers Anti-Guzumping Provision**

(4) 150 days Drawdown to Sale completion of NON-EXIT vs. average 18 weeks/129 days on market to completion (source: The Advisory)

Risk 3

- **Sequential Risk Management**
 - 6 Stages **IMPORTANT POINT**: Real-time Settings and Controls
 - 10 Levels (LSRM)
 - **Systemic Risk**
 - Due to unprecedented levels of economic uncertainty, we will, for the foreseeable future, insert in our Offer Documents a **Force Majeure Clause** for NON-EXITS **IMPORTANT POINT (1)**
 - See also Financial Indemnity Insurance Slide 36
 - **Instructions to Valuers**
 - Mortgage Valuation/re-sale within 150 days (completion) unoccupied and empty
 - Valuation Auditor
 - **Back Office**
 - Underwriting/Legal Department/Finance/Sale and Asset Management
 - **Estate Agents Success Rewarded**
 - £1,000 **(2)** See: Fees
 - To encourage EXITS
- (1)**
- The **Force Majeure Clause** will be triggered if the RICS Residential Market Survey of monthly sentiment of Chartered Surveyors (Survey) falls between the date of our Offer Documents and the date of customer's solicitors Drawdown Notice.
 - If the Survey results fall between these two dates the CHAIN FREE® Fall Back Price® 90% DataSource or RICS will be reduced by 5% with option for homeowner to withdraw from contract (in this event Administration Fee **D68** returned and no 1% Fee).
- (2) Financial Model** assumes all EXITS **D22**

- Professional economist
- Gary has held a variety of senior executive roles in the banking industry including Group Chief Economist at a FTSE 100 Bank, Director of Baseline Capital, Strategy Director at Hometrack and Chairman of Acadametrics.

(1) To be confirmed and subject to funding with profit share

Management + Directors 7

Adam J Walker (Non-Executive) (1)

- Formerly Managing Director of Norwich Union estate agents.
- Over 40 years in the UK property market.
- A leading UK expert in letting, estate agency management and training, acquisitions and sales. Adam has considerable experience in just about every aspect of the industry.

(1) To be confirmed and subject to funding with profit share

Fintech

- Cloud-based B2B2C and B2C web-based management systems to control risk on Applications (by the homeowner or their estate agent) both automatically (by Local Authority Area, Price or Features) or manually at various stages (**micro risk**). These controls augmented with a system-wide failsafe feature which immediately stops all processes (**macro risk**).
- All aspects of the business can be controlled within the risk-averse management system which connects: to Rightmove for Housing Intelligence and DataSource Valuations; to Worldpay for Administration Fee payments; to Signable for electronic contract creation and signing; to HM Land Registry **(1)** and will connect: to Pure Panel Management for automated issuing of Surveyor Instructions and electronically receiving completed Valuation Forms; to internet banking for automating outward payments (two signatures).
- The management system (accessible on all devices) proactively monitors and controls: Customer Proposition; estate agents from Application (only towns in LA areas where prices are stable/rising) > drawdown; Customer behaviour and intentions; NON-EXIT property related costs and controls from drawdown > funding limit and; Legal Department for LTVs and NON-EXIT sales. Where applicable responses are date and time stamped (e.g., estate agents at draw down and during NON-EXIT sales and for Contractors carrying out their Responsibilities). Electronic B2C systems are always used where they do not adversely effect the Customer Proposition.
- Fintech is fundamental to our business (10 Levels of Sequential Risk Management at 6 Stages).
IMPORTANT POINT: An algorithm being constructed by the Dept. of Applied Economics, University of Cambridge) will prevent Albani exceeding the funding limit and maintaining 10% headroom **H10** See: [Algorithm \(Example\)](#)

(1) Subject to Land Registry T&Cs

Strengths/USPs

- Disruptive
 - Unique
 - Competition
 - Barriers to Entry
 - Demand
 - Risk
 - Fall In House Prices
 - **Mortgage Lenders**
 - **High Street Estate Agents**
- **Makes Sellers Proceedable Buyers (Gap in the Market) Other Schemes**
 - Homeowner never has to sell for less than MV/can secure before selling
 - **No direct competition (only Quick Cash Sale and Loan companies / One online estate agent)**
 - Difficult to replicate / first mover / vertical marketing
 - **Ethical finance**/in all market conditions
 - Real-time risk-averse IT systems / See: [Slide 39](#) , [40](#) and [41](#)
 - Systemic Risk protection
 - **Valuation-free offering** / Real-time homeowner behaviour and intentions See: [Slide 53](#)
 - **Secures clients** selling and applicants buying / increases footfall against competitors

Weaknesses

- Valuations
 - Valuations not current and accurate
 - Under-estimating demand (UK)
 - Conversion rate
- RICS / Red Book; DataSource /within RICS guidelines
 - Valuation auditor
 - Quantum CHAIN FREE® vs. CHAIN MENDER®
 - Trainer (application > product sale)/time to sell for MV / Agent's Success and Resale Fees

Opportunities

- Franchising
- National roll-out / Main overseas home-owning countries

Threats

- Imitators
- Stimulates demand

Why JV with Albani? ⁽¹⁾

- **PROFITABLE** All market conditions (Stress Tests) / [Margins](#)
- **RISK** [Financial Guarantees](#) + [10 Levels](#) of Sequential Risk Management (Application > Product Sale)
- **INVESTOR APPETITE** Real-time Controls:
 - Reduce or Stop Funding
- **DISRUPTIVE** Compelling USPs:
 - CHAIN FREE® makes sellers *Proceedable Buyers* - with no commitment to sell
 - CHAIN MENDER® makes buyers *Fast Movers* - before selling
 - VAL FREE® ready-made mortgages - no Valuation Fees (no Transcription Fees)
 - SMARTMOVE® - mortgages, insurance, banking etc
- **JV INVESTMENT**
3 Year Debt Capital/RCF (150 days Churn Rate)
See Risk: [Slide 37](#)
To finance business - [Financial Model](#) - **Core Proposition:**
44.16M/ Secured / Credit Enhancement / 38% Simple Return Before Profit Share
or
To finance business - [Financial Model](#) - **Restricted Sales + T&Cs for further funding:**
£5.50M / Secured / Credit Enhancement / 23% Simple Return Before Profit Share
- **LAUNCH** 8 weeks from Proof of Funding / See: [Timeline to Launch](#)
- **REFINANCE / SALE** Y3
- **FCA** Authorised and regulated (Reference No. 457682)
- **INVESTOR** **IMPORTANT POINT:** 74% Proposed Profit Share ⁽¹⁾ + [Stakeholder Added Value](#)

Stakeholder Added Value

- Additional footfall and transactions - See: [Slide 19](#)
- Customer behavior and intentions - **Exclusive** real-time access (1)
- **Mortgages**, savings and other services - Our customers can **only** access via Stakeholder website
 - **No** mortgage transcription fees
 - Core Proposition: **Y1 + Y2 834 RICS pre-valued houses C22 + F22**
Restricted: Y1 + Y2 84 RICS pre-valued houses **C22 + F22**
- Marketing - **No** market spend for Stakeholder products and services
- Publicity - **IMPORTANT POINT**: Putting liquidity into the market
(**what the Government wants**)
- Estate Agents - See: [Fees](#)
